CUED SPEECH

USF’s Cued Speech Initiative presents…

Weekend Workshop

March 1-2, 9am-4pm
March 15, 9am-12pm

What is Cued Speech?
Cued Speech (CS) uses gestures with lip movements to convey English visually. CS facilitates English literacy. Some deaf people choose to use both ASL and CS.

Can I learn Cued Speech in 2.5 days?
Yes! There are only eight handshapes and four placements to learn. You will be able to cue (slowly, with notes) anything you wish to say.

Who is teaching?
The Cued Speech Initiative at USF will provide a nationally certified instructor. Additional students and professionals with CS experience will be available.

Where will the workshop be held?
Room PCD 4004 on the USF-Tampa campus. Driving directions and parking information will be emailed to all registrants ~2 weeks before workshop.

Non-refundable Registration Fee:
