What is Cued Speech?

Cued Speech (CS) uses gestures with lip movements to convey English visually. CS facilitates English literacy. Some deaf people choose to use both ASL and CS.

Can I learn Cued Speech in 2.5 days?

Yes! There are only eight handshapes and four placements to learn. You will be able to cue (slowly, with notes) anything you wish to say.

Who is teaching?

The Cued Speech Initiative @ USF will provide a nationally certified instructor. Additional students and professionals with CS experience will also be on hand to assist.

Where will the workshop be held?

Central Florida Speech & Hearing Center, Ruthven Conference Rm 3020 Lakeland Highlands Rd. / Lakeland, FL 33803
